Dear Mr Knight

Thank you for your E-mail of Thursday 28th March 2002 regarding the application documentation which I faxed to you on the 14th of June.

The original copy of the faxed documents was sent by airmail to your office on the 13th of August 2001 marked attention of Mr Robert Sandy, who had been helping me at that time.

If the copy of the fax transmission you have in your possession contains 17 pages, including the cover page, then yes it is an exact copy of the original as sent on the 14th of June 2001; duplicated pages withstanding.

However, my records do not show a subsequent fax transmission from me to your office on the 20th August 2001. Perhaps though, given the above time frames, the documents you have that are date stamped the 20th may in fact be the originals which I sent to Mr Sandy on the 13th.

As per your request, I am comfortable making the following statement;

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both [ 18 U.S.C. 1001 ] and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Your help in this matter is, as always, greatly appreciated and should you require my help with any aspect of this application, then please feel free to E-mail me for a prompt response.

With thanks I remain,

Yours Sincerely

Don Woods

p.s If possible, could you please send me an E-mail to confirm your receipt of this fax.

Many thanks.
